As you can see, much of this work would have never happened (nor would we be able to begin to see the fruit of the tremendous impact that such is having on His Kingdom being released in our community) without this generous support. We are committed to strategically transform (through prayer & service) the seven major spheres of influence that shape & control our society & culture & establish His Kingdom in our community, state, region & nation.

Over the next year, we believe that we should accomplish the following (\$275,000):

- continue to maintain our websites & email campaigns (\$3,000),
- participate in and support key local, regional and national events (\$5,000),
- assist churches & ministries that are making an impact on our community (\$10,000),

- continue to encourage believers to connect for prayer & service in their neighborhoods, schools & workplaces, as well as for our leaders with the development and publication of a quarterly “Serving Our Leaders” Prayer Guide (\$20,000)

We also believe that we are to develop the Business Plan & Funding to purchase KKPZ 1330 AM Radio from Crawford Broadcasting Company for \$5 million and re-brand it as the first “Kingdom Radio Network” with the goal of securing a radio station in Denver/Colorado Springs, Dallas/Ft Worth, Atlanta & Washington, DC.

Would you &/or your organization consider supporting Serving Our Neighbors to allow us to move forward with what God is leading us to accomplish for His Glory?
